

Teva Learning Center

307 Seventh Avenue, Suite 900, New York, NY 10001

Join Teva for *Shmitah* and Sustainable Land

Sunday October 24th 10:00 am – 12:00 pm

The Teva Learning Center

Henry Kaufmann Campgrounds
75 Colonial Springs Road
Wheatley Heights, NY 11798

We invite 7th -9th graders and their families to come experience:

- Cover crop planting to add nutrients back to the soil
- Sheet mulching and caring for the orchard
- Seed saving for next year
- Text study about *shemitah* and sustainable land use in our Jewish tradition

Our tradition teaches us to let the land rest every seven years:

“And six years you shall sow your land, and you shall gather in its produce. And the seventh year you shall release it from work and abandon it, and the poor among your people will eat.”

- *Shemot (Exodus), 23:10-11*

This is an opportunity to be immersed in the seasonal energy of this time of year and to experience preparing the land, like our ancestors did, for the coming year. Together we will experience and discuss our relationship with Judaism and what it says about tending the land.

For further information please contact:

Jonathan Dubinsky at Teva 913-909-4114 jonthan@tevacenter.org

Please RSVP with Tehilah Eisenstadt Teisenstadt@hjcny.org or 631-427-1157 by Tues., Oct. 19th!

This program will be brought to you by: www.tevacenter.org and is
